

RFP #2020-09 North Campus Clean Energy Feasibility Study
Salem State University
July 17, 2020

Addendum I

Salem State University is pleased to offer the opportunity for a **site visit** of the university's north campus boiler and mechanical rooms to parties interested in submitting a proposal under RFP #2020-09 North Campus Clean Energy Feasibility Study.

The site visit will occur on Tuesday August 4th from 12:30 – 2:30. The tour will begin in front of Peabody Hall and end at Bowditch Hall. To facilitate maintaining social distancing, we ask that interested parties limit themselves to no more than two participants from each firm. Please email Reynaldo Ramos, Senior Director for Purchasing and Vendor Relations, at rros@saalemstate.edu by COB on Monday August 3rd indicating if you plan to attend and the contact information for those in your party, if any.

Note that a face mask must be worn at all times and social distancing protocols followed.
